(2) "Contract price" means the amount agreed upon by the contracting parties to be paid for performing work or labor or for furnishing materials, machinery, equipment, services, overhead and profit, included in the contract, increased or diminished by the price of extras or breach of contract, including defects in workmanship or materials. If no price is agreed upon by the contracting parties, "contract price" means the reasonable value of all work, labor, materials, services, equipment, machinery, overhead, and profit included in the contract;

(3) "Extras" means labor, materials, services, equipment, machinery, overhead and profit, for improving real property, authorized by the owner and not included in previous contracts;

(4) "Furnish materials" means:

(C) To specially fabricate materials for incorporation in the improvement and, if not delivered to the site of the improvement, are not readily resalable by the lienor;

(D) To supply materials that are used for the construction and do not remain in the improvement, subject to diminution by the salvage value of such material; or

(E) To supply tools, equipment, or machinery as permitted by § 66-11-102(g).

The delivery of materials to the site of the improvement shall be prima facie evidence of incorporation of such materials in the improvement;

(5) "Improvement" means the result of any action or any activity in furtherance of constructing, erecting, altering, repairing, demolishing, removing, or furnishing materials or labor for any building, structure, appurtenance to the building or structure, fixture, bridge, driveway, private roadway, sidewalk, walkway, wharf, sewer, utility, watering system, or other similar enhancement, or any part thereof, upon, connected with, or beneath the surface; the drilling and finishing of a well, other than a well for gas or oil; the furnishing of any work and labor relating to the placement of tile for the drainage of any lot or land; the excavation, cleanup, or removal of hazardous and non-hazardous material or waste from real property; the enhancement or embellishment of real property by seeding, sodding, or the planting thereon of any shrubs, trees, plants, vines, small fruits, flowers, nursery stock, or vegetation or decorative materials of any kind; the taking down, cleanup, or removal of any existing shrubs, trees, plants, vines, small fruits, flowers, nursery stock, or vegetation or decorative materials of any kind then existing; excavating, grading or filling to establish a grade; the work of land surveying, as defined in § 62-18-102, and the performance of architectural or engineering work, as defined in Title 62, Chapter 2, with respect to an improvement actually made to the real estate. As the context requires, "improvement" also means the real property thus improved;

(6) "Laborer" means any individual who, under contract, of any degree of remoteness, personally performs labor for improving real property on the site of the improvement;

(7) "Lienor" means any person having a lien or right of lien upon real property by virtue of this chapter, and includes the person's successor in interest;

(8) "Owner" includes the owner in fee of real property, or of a less estate therein, a lessee for a term of years, a vendee in

possession under a contract for the purchase of real property, and any person having any right, title or interest, legal or equitable, in real property, that may be sold under process;

(9) "Owner-occupant" means any owner of real property who, at the time such owner contracts for the improvement thereof, occupies such real property as such owner's principal place of residence;

(10) "Perform", when used in connection with the words labor or services, means performance by the lienor or by another for the lienor;

(11) "Person" means an individual, corporation, limited liability company, partnership, limited partnership, sole proprietorship, joint venture, association, trust, estate, or other legal or commercial entity;

(12) "Prime contractor" means a person, including a land surveyor as defined in § 62-18-102, a person licensed to practice architecture or engineering under Title 62, Chapter 2, and any person other than a remote contractor who supervises or performs work or labor or who furnishes material, services, equipment, or machinery in furtherance of any improvement, provided that the person is in direct privity of contract with an owner, or the owner's agent, of the improvement. A "prime contractor" also includes a person who takes over from a prime contractor the entire remaining work under such a contract;

(13) "Real property" includes real estate, lands, tenements and hereditaments, corporeal and incorporeal, and fixtures and improvements thereon;

(14) "Remote contractor" means a person, including a land surveyor as defined in § 62-18-102 and a person licensed to practice architecture or engineering under Title 62, Chapter 2, who provides work or labor or who furnishes material, services, equipment or machinery in furtherance of any improvement under a contract with a person other than an owner;

(15) "Single family residence" means any real property owned and occupied by no one other than the owner and the owner's immediate family; and

(16) "Visible commencement of operations" means the first actual work of improving upon the land or the first delivery to the site of the improvement of materials, that remain thereon until actually incorporated in the improvement, of such manifest and substantial character as to notify interested persons that an improvement is being made or is about to be made on the land, excluding, however, demolition, surveying, excavating, clearing,

filling or grading, placement of sewer or drainage lines or other underground utility lines or work preparatory therefor, erection of temporary security fencing and the delivery of materials therefor.

SECTION 2. Tennessee Code Annotated, Section 66-11-102, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-102. (a) There shall be a lien upon any lot or tract of real property upon which an improvement has been made by a prime contractor and any remote contractor. The lien shall secure the contract price.

(b) The lien established by this section shall include a lien upon any lot or tract of real property in favor of any land surveyor who has, by contract with the owner or agent of the owner of the real property, performed on such property the practice of land surveying, as defined in § 62-18-102(3). The lien shall secure the contract price.

(c)(1) The lien established by this section shall include a lien upon any lot or tract of real property upon which an improvement has been made, by contract with the owner or the owner's agent, in favor of any person licensed to practice architecture or engineering under Title 62, Chapter 2, for architectural or engineering services performed with respect to such improvement actually made. The lien shall secure the contract price.

(2) The lien provided for in subdivision (c)(1) shall attach as of the time of visible commencement of operations as provided in § 66-11-104.

(3) The provisions of this subsection (c) shall not apply to owner-occupants of one-family or two-family detached unit homes.

(d) Notwithstanding any other provision of this chapter, no prime contractor or remote contractor of a lessee of real property may encumber the fee estate unless the lessee is deemed to be the fee owner's agent. In determining whether a lessee is the fee owner's agent, the court shall determine whether the fee owner has the right to control the conduct of the lessee with respect to the improvement and shall consider:

(1) Whether the lease requires the lessee to construct a specific improvement on the fee owner's property;

(2) Whether the cost of the improvement actually is borne by the fee owner through corresponding offsets in the amount of rent the lessee pays;

(3) Whether the fee owner maintains control over the improvement; and

(4) Whether the improvement becomes the property of the fee owner at the end of the lease.

(e) A lien arising under this chapter shall not include in the lien amount any interest, service charges, late fees, attorney fees, or other amounts to which the lienor may be entitled by contract or law that do not result in an improvement to the real property or are otherwise not permitted by this chapter.

(f) When a lienor, without default, is prevented from completely performing the lienor's part, the lienor is entitled to a lien for as much of the contract price as the lienor has performed in proportion to the contract price for the whole, and the lienor's claim shall be adjusted accordingly.

(g) A lien for furnishing tools, equipment, or machinery arises under this chapter to the following extent:

(1) For the reasonable rental value for the period of actual use and any reasonable period of non-use taken into account in the rental contract; except that the reasonable rental value and reasonable periods of use and non-use need not be determined solely by the contract; or

(2) For the purchase price of the tools, equipment or machinery, but the lien for such price only arises if the tools, equipment, or machinery were purchased for use in the course of the particular improvement and have no substantial value to the lienor after the completion of the improvement on which they were used.

SECTION 3. Tennessee Code Annotated, Section 66-11-103, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-103. When the contract for improving real property is made with a husband or a wife who is not separated and living apart from that person's spouse, and the property is owned by the other spouse or by both spouses, the spouse who is the contracting party shall be deemed to be the agent of the other spouse unless the other spouse serves the prime contractor with written notice of that spouse's objection to the contract within ten (10) days after learning of the contract.

SECTION 4. Tennessee Code Annotated, Section 66-11-104, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-104. (a) The lien provided by this chapter shall attach and take effect from the time of the visible commencement of operations, excluding however, demolition, surveying, excavating, clearing, filling or grading, placement of sewer or drainage lines, or other underground

utility lines or work preparatory therefor, erection of temporary security fencing and the delivery of materials therefor.

(b) If there is a cessation of all operations at the site of the improvement for more than ninety (90) days and a subsequent visible resumption of such operations, any lien for labor performed or for materials furnished after the visible resumption of operations shall attach and take effect only from such visible resumption of operations.

(c) Nothing in this section shall affect the priority or parity of any liens as established by any section of this chapter.

SECTION 5. Tennessee Code Annotated, Section 66-11-105, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-105. (a) The lien shall extend to, and only to, the owner's right, title or interest in the real property and improvements thereon existing at the time of the visible commencement of operations or thereafter acquired or constructed.

(b) If any part of the real property or improvements subject to such lien is removed by the owner or any other person at any time before discharge of the lien, such removal shall not affect the rights of the lienor either in respect to the real property and improvements or the part so removed.

SECTION 6. Tennessee Code Annotated, Section 66-11-106, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-106. A prime contractor's lien shall continue for one (1) year after the date the improvement is complete or is abandoned, and until the final decision of any suit properly brought within that time for its enforcement.

SECTION 7. Tennessee Code Annotated, Section 66-11-107, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-107. All liens provided by this chapter, except those of laborers, shall be on a parity, and shall be treated pro rata. All liens of laborers shall be on a parity one with another, and shall have priority over all other liens created by this chapter.

SECTION 8. Tennessee Code Annotated, Section 66-11-108, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-108. If the contract for an improvement is made with a mortgagor, and the lienor has served the mortgagee with written notice of

the same by certified or registered mail before the work is begun or materials furnished by such lienor, and the mortgagee gives written consent thereto by certified or registered mail, the lien provided by this chapter to that lienor shall have priority over the mortgage; and if the mortgagee fails to serve a written objection by certified or registered mail within ten (10) days after receipt of the notice, the mortgagee's consent shall be implied; provided, that the person giving notice shall include a name and return address to which the written objection shall be served. If notice is not served in accordance with the provisions of this section, then the lien shall not have priority over a mortgage otherwise entitled to priority over the lien under applicable law.

SECTION 9. Tennessee Code Annotated, Section 66-11-109, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-109. The provisions in § 66-11-108 shall also apply to any other person claiming a lien not created by this chapter.

SECTION 10. Tennessee Code Annotated, Section 66-11-110, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-110. A judgment lien of record shall not defeat a lien provided by this chapter, if the lien provided by this chapter is fixed on the real property in good faith and without collusion.

SECTION 11. Tennessee Code Annotated, Section 66-11-111, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-111. Where the lienor's contract is in writing, and has been acknowledged, or in lieu thereof is sworn to by the prime contractor as to its execution by the owner, it may be recorded in the lien book in the register of deeds of the county where the real property, or any part of the affected real property, lies. Subsequent purchasers or encumbrancers for value shall be deemed to have notice of such lien so long as the recorded contract sets forth the contract price and describes the real property with reasonable certainty.

SECTION 12. Tennessee Code Annotated, Section 66-11-112, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-112. (a) In order to preserve the priority of the lien provided by this chapter as of the date of its attachment, as concerns subsequent purchasers or encumbrancers for a valuable consideration without notice thereof, though not as concerns the owner, such lienor, who has not recorded such lienor's contract pursuant to § 66-11-111, is required to record in the office of the register of deeds of the county where the real property, or any part affected, lies, a sworn statement of

the amount for, and a reasonably certain description of the real property on, which the lien is claimed. The recording party shall pay filing fees, and shall be provided a receipt therefor, which amount shall be part of the lien amount. Such recordation is required to be done no later than ninety (90) days after the date the improvement is complete or is abandoned, prior to which time the lien shall be effective as against such purchasers or encumbrancers without such recordation. The owner shall serve thirty (30) days' notice on prime contractors and on all of those lienors who have served notice in accordance with § 66-11-145 prior to the owner's transfer of any interest to a subsequent purchaser or encumbrancer for a valuable consideration. If the sworn statement is not recorded within such time, the lien's priority as to such parties shall be determined as if it attached as of the time the sworn statement is recorded.

(b) A building, structure or improvement shall be deemed to have been abandoned for purposes of this chapter when there is a cessation of operation for a period of ninety (90) days and an intent on the part of the owner or prime contractor to cease operations permanently, or at least for an indefinite period.

(c) Any other provision to the contrary notwithstanding, any lien acquired under contract executed on or after April 17, 1972, by virtue of § 66-11-141, may be filed within ninety (90) days after completion of the structure which is, or is intended to be, furnished water by virtue of drilling a well.

(d) The statement provided for in subsection (a) above may be in substantially the following form:

SECTION 13. Tennessee Code Annotated, Section 66-11-113, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-113. Whenever materials have been furnished to improve real property and delivered to the real property by or for a lienor, and payment therefor has not been made by the owner of the real property, such materials shall not be subject to attachment, execution, or other legal process to enforce any debt due by the purchaser of such materials, except a debt due for the purchase price thereof, so long as in good faith the same are about to be applied to improve the real property; but if the owner has made payment for materials furnished, such materials shall not be subject to attachment, execution, or other process to enforce any debt, including the debt due for the purchase price therefor.

SECTION 14. Tennessee Code Annotated, Section 66-11-114, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-114. (a) If for any reason an improvement is abandoned before completion or, though completed, materials delivered are not used for the improvement, a person who furnished materials for such an improvement that have not been incorporated in the improvement, and for which such person has not received payment, may repossess and remove such materials; and thereupon such person shall not be entitled to any lien upon the real property or improvements for the price thereof, but shall have the same rights in regard to the materials as if such person had never parted with the possession.

(b)(1) The right to repossess and remove the materials shall not be affected by their sale, encumbrance, attachment or transfer from the site of the improvement subsequent to delivery to the site, except that the right to repossess shall not be effective as

against a purchaser or encumbrancer thereof in good faith whose interest therein shall have arisen since removal from the site of the improvement, or as against a creditor attaching after such removal.

(2) The right of repossession and removal given by this section shall extend only to materials whose purchase price does not exceed the amount remaining due to the person repossessing; but where materials have been partly paid for, the person delivering them may repossess them as allowed in this section on refunding the part of the purchase price that has been paid.

SECTION 15. Tennessee Code Annotated, Section 66-11-115, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-115. (a) Every remote contractor shall have the lien provided by this part for such work or labor performed or materials, services, equipment, or machinery furnished by the remote contractor in furtherance of the improvement; provided, that the remote contractor:

(1) Satisfies all of the requirements set forth in § 66-11-145, if applicable; and

(2) Within the time provided for recording sworn statements set out in § 66-11-112(a), serves a notice of lien, in writing, on the owner of the property on which the improvement is being made.

(b) The lien shall continue for the period of ninety (90) days from the date of service of notice in favor of such remote contractor, and until the final termination of any suit for its enforcement properly brought pursuant to § 66-11-126 within that period.

(c) The notice of lien may be in substantially the form provided in § 66-11-112(d).

SECTION 16. Tennessee Code Annotated, Section 66-11-117, is amended by deleting the section in its entirety.

SECTION 17. Tennessee Code Annotated, Section 66-11-118, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-118. (a)(1) Where the amount due is for work or labor performed or materials, services, equipment, or machinery furnished for a single improvement on contiguous or adjacent lots, parcels or tracts of land and the work or labor is performed or the materials, services, equipment, or machinery are furnished under the same contract or contracts, a lienor shall be required to serve

or record only one (1) claim of lien covering the entire claim against such real property.

(2) If two (2) or more lots, parcels, or tracts of land are improved under the same contract or contracts and the improvements are not to be operated as a single improvement, a lienor who has performed work or labor or furnished materials, services, equipment, or machinery therefor shall, in claiming a lien, apportion such lienor's contract price between the several lots, parcels, or tracts of land and improvements thereon and serve a separate notice of lien for the amount claimed against each lot, parcel, or tract of land and the improvements on such lot, parcel, or tract of land.

(b)(1) Unless the improvements are to be operated as a single improvement, whenever more than one (1) building or unit is constructed upon or other improvement is made to a single lot, parcel or tract of land or to contiguous lots, parcels or tracts of land, the visible commencement of operations as defined in this chapter with respect to each such separate building, unit or other improvement shall not be deemed to constitute or otherwise relate to the visible commencement of operations with respect to any other building, unit or improvement on any such single lot, parcel or tract of land or any such contiguous lots, parcels or tracts of land. In connection therewith, a lienor who has performed work or labor or furnished materials, services, equipment, or machinery therefor shall, in claiming a lien, apportion the lienor's contract price between the separate buildings, units or improvements thereon as applicable and serve or record a separate claim of lien for the amount claimed against each such separate building, unit or improvement; in such event, the time prescribed in §§ 66-11-112 and 66-11-115 for serving or recording notice of lien shall commence to run with respect to each such building, unit or improvement immediately upon the completion or abandonment of the same.

(2) Whenever a lienor has furnished work, labor, or materials, services, equipment, or machinery for improvements that are to be operated as a single improvement on a single lot, parcel or tract of land or contiguous lots, parcels or tracts of land, the lienor shall be required to serve or record only a single notice of lien covering the lienor's entire claim against such real property.

(c) Except as expressly provided in the "Horizontal Property Act," compiled in Title 66, Chapter 27, and notwithstanding any other provision of this chapter, a lien arising under this chapter by reason of an improvement that is part of a common interest community does not attach to the common elements, but attaches to the units as follows:

(1) If the improvement was contracted for by the association of unit owners, however denominated, the lien

attaches to all the units in the common interest community for which the association acts, unless the association notifies the lienor, when the contract is made, that the lien may attach only to the unit(s) on or for the benefit of which the improvement was made; and

(2) If the improvement was contracted for by a unit owner, the lien attaches only to that owner's unit.

SECTION 18. Tennessee Code Annotated, Section 66-11-119, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-119. (a) Any notice of lien served or recorded as provided in this chapter may be amended at any time during the period allowed for serving or recording such notice, provided that such notice and amendment are served or recorded in good faith and such amendment is not shown to be prejudicial to another interested person.

(b) Any amendment of the notice of lien shall be served or recorded in the same manner as is provided for the original notice.

SECTION 19. Tennessee Code Annotated, Section 66-11-120, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-120. The claims secured by lien for work, labor, materials, equipment, services, machinery, overhead and profit, shall not exceed the contract price and extras in the contract between the owner and the prime contractor.

SECTION 20. Tennessee Code Annotated, Section 66-11-121, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-121. (a) The proceeds of any insurance that by the terms of the policy are payable to the owner of real property improved, and are actually received by or are to be received by the owner because of the destruction or removal by fire or other casualty of an improvement on which lienors have performed labor, or for which they have furnished materials, services, equipment, or machinery shall, after the owner has been reimbursed therefrom for premiums paid for such insurance by the owner, if any, be subject to liens provided by this chapter to the same extent and in the same order of priority as the real property would have been had such improvement not been so destroyed or removed.

(b) The proceeds of any insurance that by the terms of the policy are payable to a prime contractor or remote contractor, and are received or to be received by such prime contractor or remote contractor, shall, after such prime contractor or remote contractor has been reimbursed therefrom for premiums paid for such insurance by such prime contractor

or remote contractor, if any, be liable for the payment for labor or materials, services, equipment, or machinery furnished and for which the prime contractor or remote contractor is liable in the same manner and under the same conditions as payments to the prime contractor or remote contractor under the contract would have been had such improvements not been so destroyed or removed.

SECTION 21. Tennessee Code Annotated, Section 66-11-122, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-122. This lien shall not pass to any person to whom the debt is transferred without notice of the lien.

SECTION 23. Tennessee Code Annotated, Section 66-11-124, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-124. (a) The acceptance by the lienor of a note or notes for all or any part of the amount of the lienor's claim shall not constitute a waiver of the lienor's lien therefor, unless expressly so agreed in writing, nor shall it in any way affect the period for serving or recording the notice of lien under this chapter.

(b) Any contract provision that purports to waive any right of lien under this chapter is void and unenforceable as against the public policy of this state.

(c) Notwithstanding any other provision of this chapter, no liens by remote contractors are allowed under this chapter if, prior to any work or labor being provided or materials, services, equipment, or machinery furnished in furtherance of the improvement, the owner, or the owner's agent, provides a payment bond, equal in amount to one hundred percent (100%) of the prime contractor's contract price, in favor of such remote contractors who provide work or labor or furnish materials, services, equipment, or machinery in furtherance of the improvement pursuant to a contract. The payment bond shall be executed with sufficient surety by one or more sureties authorized to do business in the State of Tennessee. The bond shall be recorded in the office of the register of deeds of every county where the real property to be improved, or any affected part, lies.

SECTION 24. Tennessee Code Annotated, Section 66-11-125, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-125. Nothing in this chapter shall be construed to prevent any lienor under any contract from maintaining an action thereon as if the lienor had no lien for the security of the lienor's debt, and the bringing of such action shall not prejudice the lienor's rights under this chapter.

SECTION 25. Tennessee Code Annotated, Section 66-11-126, is amended by deleting the current language in its entirety and by substituting instead the following:

§ 66-11-126. Liens under this chapter, except as provided in subdivision (5)(a) below, shall be enforced only by the filing of an action seeking the issuance of an attachment in the manner as follows:

(1) For a prime contractor, the lien shall be enforced in a court of law or equity by attachment or in a court of general sessions having jurisdiction by a warrant for the sum claimed and writ of attachment, filed under oath, setting forth the facts, describing the real property, to be served upon the owner;

(2) For a remote contractor, the lien shall be enforced in a court of law or equity by attachment or in a court of general sessions having jurisdiction by a warrant for the sum claimed and writ of attachment, filed under oath, setting forth the facts, describing the real property, to be served upon the owner, and may, within the discretion of the plaintiff or complainant, be served upon the prime contractor, or remote contractor in any degree, with whom the complainant is in contractual privity, but the owner shall have the right to make the prime contractor or remote contractor a defendant by third-party complaint or cross-claim as is otherwise provided by law; and

(3) An action under this chapter is timely filed if a suit seeking the issuance of an attachment is filed within the applicable period of time, even if the attachment is not issued or served within the applicable period. The clerk of the court in which the suit is brought shall issue the attachment writ without obtaining fiat of a judge or chancellor.

(4) The clerk of the court to whom application for attachment is made shall, before issuing the attachment, require the plaintiff, the plaintiff's agent or attorney, to execute a bond with sufficient surety, payable to the defendant or defendants in the amount of one thousand dollars (\$1,000) or the amount of the lien claimed, whichever is less, provided that a party may petition the court for an increase in the amount for good cause shown, and conditioned that the plaintiff will prosecute the attachment with effect or, in case of failure, pay the defendant or defendants all

costs that may be adjudged against the defendant or defendants and all such damages as the defendant or defendants may sustain by the wrongful suing out of the attachment.

(5)(A) Where a bond has been provided pursuant to §§ 66-11-124, 66-11-136, or 66-11-142, an attachment on the real property shall not be necessary after such bond has been recorded, and the lien shall be enforced by an action on the bond before the circuit or chancery court, or before a court of general sessions where the amount is within its jurisdiction, filed under oath, setting forth the facts and describing the real property. Any such action shall be served upon the owner or the owner's agent, if any, and may, within the discretion of the plaintiff, be served upon the prime contractor, the remote contractor in any degree with whom the plaintiff is in contractual relation, and the surety on such bond, but the prime contractor, any remote contractor of any degree or the surety on such bond shall have the right to make others a defendant by third-party complaint or cross-claim as is otherwise provided by law.

(B) Where a lien is enforced pursuant to this subdivision (5), or where after suit is commenced on a bond provided pursuant to §§ 66-11-124, 66-11-136, or 66-11-142, the plaintiff shall, in case of failure to prosecute such suit with effect, pay the defendant or defendants all costs adjudged against the defendant or defendants and all such damages as the defendant or defendants may sustain by the wrongful assertion of the lien.

(C) Where an action is brought pursuant to this subdivision (5), or where after suit is commenced on a bond provided pursuant to §§ 66-11-124, 66-11-136, or 66-11-142, the defendants shall retain all defenses to the validity of the underlying lien.
